

MARKETING TO ENSURE YOU **DON'T MISS A LEAD!**

Have you ever run out of flyers at your property?

YES! 98% of surveyed real estate agents said they worry about empty flyer boxes between visits. Many of them have to stop by listings every 1-2 days to refill.

Do your potential buyers carry a mobile phone?

YES! 84% of the entire US population has a mobile phone, and more specifically, greater than 95% of your target buyers have a mobile phone.

Can your potential buyers send a text message?

YES! 95 billion text messages (SMS) were sent this year so far. 71% of users between the ages of 25-34 use SMS today with heavy usage among women ages 25-40.

SIGNS THAT WORK FOR YOU. NEVER MISS A LEAD.

Add a **MINILISTING*** today! It is the hottest service that will differentiate you from the rest.

Adding miniListings to your marketing portfolio will ensure that potential buyers can easily access home information even when the flyer box is empty. Potential buyers simply follow the instructions as shown on the sign rider and instantly get the latest home details on their phone – including your contact information. miniListings are easy to setup and require no additional work by you. **Just ask us to “add a miniListing” – it’s that easy!**
